

Rock Valley College

Salary Procedure – Retired Faculty Serving as Adjunct Instructors

RVC Administrative Procedure (3:40.020)

The College proposes that effective July 1, 2012, faculty members who resign or retire and thus do not have a signed faculty notice of appointment (contract) for the next academic year, but who return to teach as an adjunct, shall be paid according to the lane and step of their last notice of appointment (contract). Retired full-time faculty teaching as adjuncts will not receive increases based on the full-time faculty contract overload chart.

Current retired faculty teaching as adjuncts will be "grandfathered in" with their current adjunct pay. All faculty members who resign or retire during or after the 2012 summer session will have their adjunct pay calculated according to this procedure.
